Wayground MCQ

The screenshot shows the Wayground MCQ quiz interface. The main section displays the quiz title 'SIMATS_CO2_AT2_part3 Dr. Vincent Gnanaraj' and a progress bar indicating 100% accuracy. The score is 22260, and the user has earned 1000 coins. The quiz consists of 20 questions, with 20 correct and 0 incorrect answers. The current question is: '1. What is the goal of Attack Surface Analysis?'. The options are: 'Reduce exposed attack points' (selected) and 'Increase application'. The interface also includes a 'Shop' button, a 'Find New Quiz' button, and a 'Study Flashcards' button. On the right side, there is a 'SUMMER DROP' banner and a 'Play mini games' section.
